

MEMORANDUM

TO: Program Directors, Program Administrative Assistants, RDoS & PGME Staff

SUBJECT: 2019 NOVEL CORONAVIRUS (COVID-19) UPDATE
EDUCATIONAL DAY CARRYOVER

FROM: Dr. Anurag Saxena, Associate Dean, PGME

DATE: JUNE 12, 2020

In response to certain requests regarding carryover of educational days for residents (not being able to take these due to COVID-19 pandemic), this is to confirm that as of March 2020 residents who were unable to use their educational days to attend conferences or workshops may be allowed to carry over these days to the next academic year at the program director's discretion. Programs and residents will need to be mindful that too many days being carried over do not affect either academic or clinical work next year.

Sincerely,
Anurag Saxena
