

**\*\*\*\*SENT ON BEHALF OF DR. ANURAG SAXENA\*\*\*\***

Dear Colleagues (PDs and PAAs):

As asked by SHA (conversations with Ms. Jackie McKee), through this email could you please ask all residents in your program to activate their SHA emails.

This is to ensure they get all regular (SHA news) and urgent communications (any information immediately relevant to health care practitioners in SHA) directly without any delay.

Please confirm that they have done so.

Please be assured and let the residents know that all redeployment will involve the programs (PDs and Dept. Heads/Area Leads) and the College of Medicine.

Thank you,

Anurag Saxena

Associate Dean, PGME, College of Medicine,

University of Saskatchewan
