

## Resident Voluntary Exemption of Clinical Duties Form

A voluntary exemption is an approved interruption from clinical duties for residents who are pregnant and/or immuno-compromised during the COVID-19 pandemic. An extension of training may be required if all competencies are not obtained by the end of the original end of training date.

To request an exemption from clinical duties, please prepare proper documentation (if available) and submit this form to:

- **the Residency Program Director for approval; and**
- **the PGME Office for final review**

### Section 1: Resident Information

Name:	
Program:	
Training Year:	

### Section 2: Exemption Information

Start Date of Exemption:	
Estimated Date of Return to Clinical Duties:	
Reason for Exemption – provide documentation if available:
